Nine Reported Crossing to the Mexican Side Near Presidio Where Three Fall in Big Fighting Escapade.

(By Review Leased Wire)

PRESIDIO, Sept. 28.—A report that nine American soldiers crossed to the Mexican side at Indio, 20 miles up the Rio Grande from here, and became involved in a fight in which three Americans and four Mexicans were killed, reached here today from private sources. The military authorities, however, say they have no confirmation of the report. It was said that the Mexicans were having a dance at Indio at the time, but the cause of the trouble is not stated.

## COLLIER ADAPTS ONE SUIT FOR MUCH WEAR

Star of "The No Good Guy" at the Orpheum, Uses His Head to Save Work.

William Collier, who stars in the Triangle-Ince release, "The No Good Guy," which appears again today at the Orpheum, has designed a new suit that may be worn for twenty-four hours and still meet fashion's decree for each period of time.

He found it cut so much into his afternoons to have to change his clothes so often in the pictures, that he set his inventive genius to work to save him what he deemed unnecessary labor in this age of advanced science. As personal satisfaction was all he desired, and he does not hope to profit by an invention that he prefers to bestow upon humanity gratis, he wires the following description from the coast:

"The suit is frock, cutaway, tuxedo or full-dress as occasion demands; with rose-bud, carnation, chrysanthemum or other flower in buttonhole as and when desired; with walking-stick or umbrella or bludgeon in hand, shoes and gloves to match.

"For the changes in cut of the suit, there is a flap across the breast to be tucked in for tuxedo or full-dress, flaps turned underneath the back of the coat for tails when necessary; and a shirt-string on the trousers in case fashion decrees that they should bag at the knees. Several varieties of gloves are tucked up the coat-sleeves; as a layer of handkerchief-corners occupies the breast-pocket to be used variously with successive sartorial changes. Spats may be raised by elastic with the entire shoe-tops, leaving pumps; and when outside of the trouser-legs at bottom, firm "cuffs" for each. Of course they may be drawn inside the trouser-legs for evenings.

"The most important phase of my invention is the facility of changing colors, from rosy-red, through magenta to saffron-yellow and black, with buttonholes to match, and with or without stripes. For this, the entire suit is made pure white. Two electricians with baby spot-lights follow me about, and with appropriate mediums over the lamps throw the lines and colors and flowers upon the cloth. If one missed me, the other does not. Black suits are created by leaving me in darkness. Changes are instant; and I have amused myself greatly by the mystification of my friends, when at 6 p. m. I suddenly changed from afternoon to evening dress without moving a hair."

## EXTREME WEAKNESS AND SUFFERING

Read How Mrs. Goodling got Relief and Strength.

York, Pa.—"I have used Lydia E. Pinkham's Vegetable Compound and found it to be all you say it is. I was so sick that I could not stand at my sink to wash dishes and I could not sit without a pillow under me. I had the doctor every few days but since I have taken the Compound I don't have to send for him. I have had three children and could not raise any of them, but since I have taken the Compound I have a bright baby boy. I advise every suffering woman to try it and get relief. It has done wonders for me."—Mrs. CATHERINE GOODLING, 138 E. King Street, York, Pa.

When a medicine has been successful in bringing health to so many, no woman has a right to say without trying it. "I do not believe it will help me." There must be more than a hundred thousand women in this country who, like Mrs. Goodling, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

If there are any complications you don't understand, write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

## DIMINUTIVE ACTRESS DOES GREAT PART IN MOLLY MAKE-BELIEVE

Paramount Star Adds Another Triumph to Her Already Long List of Successes Before American Public.

"Molly Make-Believe" never knew that a screen portrayal of her life and work could be so wonderfully done, as was proven last evening at the Royal when Marguerite Clark played the lead in the play of the same name. Fortunately those who did not have the opportunity of seeing the picture last evening can do so today. It will play again, matinee and evening.

Marguerite Clark is one of the real stars of the film world. What might be called a film failure is unknown to her. Even the mediocre parts she has played have been lifted far above that point by the wonderful ability of the little Paramount actress.

In her present vehicle her powers were never put to better effect. The play is one of the cleanest and novel ever written or ever filmed and from it, Miss Clark's ability may last as long as she is known before the foot lights.

## FARM LOAN BANKS

TO OPEN FEBRUARY 1

WASHINGTON, Sept. 28.—The federal farm loan board returned to Washington today after a tour through the states to gather information to be used in dividing the country into loan bank districts. The tour began at Augusta, Me., August 21, and took the board to the Pacific coast and as far south as Missouri. Another trip will be taken through the southern states.

In a statement tonight the board expressed satisfaction over the hearings and predicted that the plan of putting farm loan banks into operation before February 1 next could be carried out.

"The keenest interest in the federal farm loan act was manifested by farmers of every class of the communities visited," said the statement. "The law was universally approved by the farmers, business men and bankers, who assured the board of their cooperation."

"The need of the farm loan law was especially shown by the wide interest prevailing in the country. It was shown that even the industrious farmer of modest means who had only a small farm but who could offer unquestionable security, was unable to get farm credit on any terms."

## GREEK REVOLTERS TO SET UP NEW GOVERNMENT.

LONDON, Sept. 28.—In a dispatch from Athens, Reuter's correspondent says a telegram has been received from Canea, giving the summary of the program of a provisional government by former premier Venizelos and Admiral Coundouriotis.

"The application of the personal policy of the country by the taking of bad counsel," the program says, "has resulted in a reapproachment with Greece's hereditary enemies, the violation of the constitution, and contempt for Greece, which the allies consider hostile because she refuses the Serbs the facilities accorded the Bulgars."

"The victorious army of 1912-1913 abandons the territory held by them since then. Greek soldiers have been sent to Germany by way of Sofia and patriots are regarded as traitors."

"Today is not the moment to establish the responsibility. Our duty is to save what there is still time to save. To attain this it is necessary to re-establish our nationality by immediate return to the policy dictated by the national convention, namely arrange ourselves on the side of the allies and Serbians to expel the invaders."

## THE TACKLING DUMMY HAS A HARD LIFE NOW THAT FOOTBALL SQUADS ARE BUSY

An unending here of football is the tackling dummy who has a rough life all through the early training season. He is kept busy with the young recruits who would batter him senseless with their heavy plunging if he wasn't so tough. The average grid-iron aspirant requires lots of workouts with the dummy before he has perfect tackling form.

## ONLY HALF A GAME SEPARATES NATIONAL LEAGUE PAIR AT TOP

Phillies Overwhelm Superbas in First Game of Final Series for Pennant on Brooklyn's Own Grounds.

(By Review Leased Wire)

BROOKLYN, Sept. 28.—Philadelphia overwhelmed Brooklyn today in the first game of their final series. By winning Philadelphia reduced Brooklyn's lead to less than half a game. The contest was a fight from start to finish. Both teams made costly errors and brilliant plays. Alexander outpitched Cheney who started for Brooklyn. Cheney was wild and ineffective. In the second inning Cravath walked, Luderus doubled and Cravath scored on Niehoff's out. Luderus scored when Cheney threw wild on Killifer's bunt. Alexander brought in his battery mate with a sacrifice fly.

Brooklyn came back with one run in its half of the third. Meyers made the first hit off Alexander after two were out, went to second on Daubert's single and scored when Niehoff misjudged a fly by Stengle. In the fourth Luderus singled and Niehoff walked and both advanced on a wild throw by Cheney. Coombs went into the box for Brooklyn and issued a pass to Killifer. Wheat permitted a single by Alexander to get past him and Luderus, Niehoff and Killifer scored while Alexander went to third, scoring on a single by Baskert.

The league leaders got two runs in the fifth on singles by Olsen and Miller, a base on balls by Coombs, a fumble by Bancroft and Daubert's out. Paskert robbed Olsen of an apparent

home run in the sixth. Brooklyn scored its fourth and last run in the seventh.

## BEAUTIES TRICK WEALTHY VICTIMS AT THE BEACHES, 'TIS SAID

Left to right: W. C. Woodward, Mrs. Edward Donahue, Harry Russell and Mrs. Helen Evers.

The women members of the blackmail gang, a number of whom have recently been discovered in Chicago, are accused of having operated chiefly at fashionable beaches through the past summer. Their method has been to intrigue wealthy male victims into compromising situations and to have a camera at hand to record the affair. Confronted with the photograph the wealthy victim seldom refused to pay any sum demanded on threat of exposure. Mrs. Helen Evers, who is now enjoying her liberty under \$25,000 bail, is alleged to be the leading beauty of the organization. She denies the charges and asserts her innocence.
